Joseph Stewart has sold about 15,000 pounds of new tobacco to Joe Booth, at 94 cents. This is said to be one of the best crops in Bourbon. W. Bales, of Richmond, has bought 350-lb. cattle from M. C. Covington. —Bourbon news.

Range says that the prices of mules will be greatly advancing the next few weeks,

owing to the large order given by the British government for horses and mules for hauling ammunition wagons and heavy artillery over the plains of the Transvaal in the conflict with the Boers. Orders for thousands of each have been put out by the British government, and dealers are scouring the country in search of material to fill the contract. [Since the American artillery mules stampeded and lost the battle to the English near Ladysmith, the demand for them from that quarter may not be so great.—Ed.]

Mr. H. E. Rockwood, of Illinois, who recently sold a carload of cattle on the Chicago market for \$7 per cwt., as mentioned two weeks ago, writes to the Breeders' Gazette the following particulars about the feeding, etc., of the cattle: "The cattle sold by me recently in Chicago at 7 cents per pound were the heavy steers out of a bunch of 90 head I bought in Chicago on the 23d of last February. They were graded Shorthorns, two and three years old, and showed some corn feeding. They were put onto ear corn first and when on full feed worked gradually to shelled corn, giving them all they wanted till shipped. For roughness they were given clover hay until May 1, and then timothy. They were turned on grass May 25, and given a little hay all summer. The last 8 weeks about two pounds of oil meal per head was mixed in the shelled corn each day. These 14 cattle were not weighed separately from the others, but as near as I can judge, weighed 1,150 pounds when I got

them. The 90 head averaged 1,023 pounds, and as they averaged 1,648 pounds, when sold, they made about 500 pounds gain per head. They made me plenty of money."

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.
